## Parent Governor Vacancy

Within our Federation, we have a vacancy for a parent governor. Parent governors play an important role as members of the governing body, who are responsible for directing the conduct of the school and for promoting high standards of educational achievement.

We have two parent governor vacancies on our governing body. Currently one place is filled by a member of the Oakfield community and we have one vacancy. Under current guidelines the parent governor spaces can be filled by a parent from either school community but up until now, we have always managed to have a representative from each school's parent body. The term of office for parent governors as determined by the governing body is 4 years. If you are interested in becoming a parent governor, please collect an information pack and application form from the school office.
