

Arreton St George's CE Primary
PE & SPORTS PREMIUM PROPOSED PLAN 2018 / 2019

What is the Primary PE and Sports Premium?

1. The Primary PE & Sport Premium is funded jointly by the Departments for Education, Health and Culture, Media and Sport and is additional funding allocated to all schools. The funding is ring-fenced and can only be spent on provision of PE and sport in school. We receive the money as 2 separate payments totalling £17,662.

Purpose of funding:

2. Schools must spend this additional funding on improving their provision of PE and Sport.

The four objectives of the Primary PE and Sport Premium funding are:

- a. To improve the quality of existing PE teaching through continuing professional learning in PE for generalists, so that all primary pupils improve their health, skills and physical literacy, and have broader exposure to a range of sports.
- b. To increase participation levels in competitive sport and healthy activity of pupils, and maintain these into adolescence.
- c. To increase the quality of initial teacher training in PE and sport, and to promote PE specialisation in primary level workforce.
- d. Schools understand and value the benefits of high quality PE and sport, including its use as a tool for whole school improvement.

3. Possible uses for the funding might include:

- a. Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE.
- b. Supporting and engaging the least active children through new or additional (Change4Life) clubs.
- c. Paying for professional development opportunities for teachers in PE and sport.
- d. Providing cover to release primary teachers for professional development in PE and sport.
- e. Running sport competitions, or increasing pupils' participation in the School Games.
- f. Buying quality assured professional development modules or materials for PE and sport.
- g. Providing places for pupils on after school sports clubs and holiday clubs.
- h. Maintaining and purchasing equipment and resources.

4. Sports Participation. The Federation champions quality PE. In recent years, participation at festivals and competitions has steadily increased. Sports after school clubs were also limited. We now coordinate a wider range of activities including football for the young as well as older children, and a range of dance classes (including hip hop). There is an emphasis on physical activity in the after school clubs providing a range of skill/games sets (cross-country,

golden mile, tag rugby etc), in addition to a range of other clubs including healthy eating/food preparation, craft activities and gardening. Additional coaches have also been employed for some sports activities. Our emphasis on physical activity and wide participation is improving sporting outcomes. This year we reached the football final (Danone Cup).

- a. Participation of pupils at competitions has increased from approximately 30 pupils annually (2013) to over 60 representations now (from approximately 45 different children).
- b. After school club participation is approximately 70-80 pupils per week when previously it was 10-20 (1 or 2 clubs per week).

5. Budget allocation:

Arreton St Georges CE (Aided) Primary School 2018/19 allocation: £17,662
